

USAMA MUSHTAQ

Front-end Web
Developer

About Me

I am a skilled and motivated Front-End Web Developer with a passion for creating engaging and visually appealing user experiences. With a strong foundation in HTML, CSS, and JavaScript, I specialize in translating design concepts into interactive websites. My attention to detail and commitment to delivering high-quality code ensure that the websites I develop not only look great but also function flawlessly across various devices and browsers. Through continuous learning and staying up-to-date with the latest industry trends and best practices

EXPERIENCE

I have one year experience of front-end web development .

I have experience in JavaScript, HTML, CSS , React js , Tailwind CSS , GSAP

I create any animated design with the help of these Technologies
